E. A. K. HACKETT, Editor and Proprietor.

TUESDAY, OCT. 15, 1889.

JACK, THE RIPPER, has written a letter to the London police, saying he will be back there October 18th to do some fine work.

THE republicans of Ohio are becoming alarmed. Orders have been issued to office-holders at Washington to go to Ohio and vote.

THE republican newspapers of Ohio are kept busy retracting the lies they have told about Mr. Campbell, the democratic nominee for governor.

DISPATCHES from Samoa say that a public meeting was held there for the election of king. All the foreign representatives attended. Malietoa made an address in which he praised Mataafa and advised the people to elect him king. As for himself he was content to be vice-king.

POSTMASTER GENERAL WANAMAKER had a peculiar experience in Philadelphia on Sunday, which seems to illustrate his tact. As he left his church and entered a buggy to drive away, a boy about twelve years old stepped up to the carriage and said: "Hello, John, old boy, how are you?" The crowd was horrified. The urchin's assurance seemed worthy of punishment. But instead of showing the least displeasure, Mr. Wanamaker turned around and affably waved his hand at the youth.

IT is believed that the president will recommend in his message some decided modifications of the existing tariff. From remarks he has let drop to persons who have conversed with him on the subject, it is inferred that he realizes the party expediency of such a course, and two members of his cabinet, whose counsels would be most likely to influence him, are of the same mind. Secretary Windom's northwestern education fits him to favor revision, while Secretary Blaine has, within a few days, expressed himself decided in the hope that congress will take up the question at once and dispose of it.

OUR RED POLITICIANS.

The Indian as a political factor is a feature of politics which is likely in the near future to attract public attention. By recent acts of congress every Indian over twenty-one years of age, who receives an allotment of land in severalty, becomes a voter entitled to every attribute that attaches to citizenship. The successful termination of the negotiations with the Sioux Indians by which they surrender a large part of their reservation in Dakota will, it is estimated, by next year, throw into the politics of the state, the uncertain quantity of 4,937 voters.

This vote thrown solidly, as it probably will be, in both state and national elections, is likely to become an important factor in that state. Negotiations, now in progress with other Indian tribes, will soon make many thousand more Indian voters.

At the interior department it is thought that upwards of 20,000 Indians will be entitled to vote in the next presidential election. How the "red man" will conduct himself as a part and parcel of the nation, and not as its ward, will be watched with interest by all who are interested in the solution of the Indian problem.

SPENDTHRIFT SLUGGER SULLIVAN.

Another fortune has slipped through the fingers of John L. Sullivan like water. The $20,000 which he received as a reward for his victory over Kilrain is gone and Sullivan, with thousands of dollars of debts on his hands, is dependent once more on his friends for enough to get a drink.

All he wants now is a chance to make another pile, and with the usual string of good resolutions he has started in once more to push his way to luxury. When the articles of the Kilrain fight were signed in Toronto Sullivan had to borrow $100 to get there, but his training expenses were paid by his backers. When the fight was over he left New Orleans with $4,800. At Nashville he was arrested, and it took $3,600 to free him, $2,500 to lawyers who talked wisely, and $1,100 to court officials and the boy who did the real work. Chicago's great spree cost him $600, of nearly $400 of which his pocket was picked. He had to borrow to get to New York.

When the stake money was received by him John L. began the princely act again. It is commonly supposed that John L. got the whole $20,000 of the stake money, but Charley Johnson and Jim Wakely failed to present him with their winning on the stake. Jim Willett, however, did give his $5,000 stake and winnings, thus making Sullivan's receipts from the stakes only $15,000. The champion established himself at the Vanderbilt house with eleven retainers, all of whose expenses he paid, and nothing was too good for them. Sullivan was then arrested by Governor Lowry's minions and, accompanied by a chosen few, returned to his old battleground, paying all the expenses of the trip.

He returned to the Vanderbilt and enjoyed the same high living. He then went to Boston with $2,000, all that remained of his small fortune. As soon as he reached the Hub creditors presented their bills, but John L. could not pay all and wanted to have more fun. The rest of his money went at Crescent Beach, and Sullivan now owes over $15,000 to hotel-keepers, wine men, clothiers, and sporting friends, yet within six years he has made from benefits and fights nearly $250,000.

The First Regiment band, one of our popular musical organizations, will give their first annual concert at the Temple in November. They have secured, at considerable expense, the renowned cornetist, Jules Levy, and company. Mr. Levy is the greatest artist on the face of the globe and the band have in him a drawing attraction.

Huntington *Democrat*: "Andy Ertle visited his brother in Fort Wayne yesterday.—W. H. Shanks was at Fort Wayne to day.—Mrs. Nich Fisher went to Fort Wayne at noon to visit with her daughter.—The Misses Anderson and Large, of Fort Wayne, came down Saturday evening and were the guests of Miss Clara Kenower. They returned last evening.

The pall bearers at the funeral of the late Mrs. George W. Flick, which took place Sunday afternoon, were as follows: D. L. Harding, C. G. Smith, R. C. Hansen, S. B. Hartman, V. Gutermuth and H. L. Williamson. Among the many beautiful floral offerings was a scarf, which covered the full length of the casket. At the head of this was a floral pillar bearing the single name "Mary."

Few people now before the public enjoy to such an extent the almost universal popularity that Kate Castleton does, and there are few that are entitled to a greater share than she. Fortunate in the possession of rare personal charms, attractive manner and an undeniable cleverness in her art, she combines all the elements which tend to render a star popular with her audience. Bonny Kate comes to the Temple Monday next.

AFTER TEN YEARS.

Eugene Crane Returns Home and Threatens His Family.

Among the prisoners at the police court this morning was Eugene Crane, who was arrested by Officer Limecooly, at the saloon of Zoeller & Merz, on Calhoun street.

Crane recently returned to this city after a separation from his family of ten years. In a vicious temper he went to their home on Bass street, and tried to drive them out of the house at the point of a revolver. The disturbance was noticed by his neighbors, who sent for the patrol wagon and the man was locked up.

He was sober this morning when the mayor assessed a fine and said he would get out of town again as soon as he could do so. He was sent to jail.

A RAILROAD IN COURT.

The Mahoning Again Sued For Breach of Contract.

James M. Ashley, jr., has brought an action in the United States district court at Toledo against the American Midland railroad company, the New York, Mahoning Valley and Western railroad and the Mahoning Construction company, claiming breach of contract of the defendants to purchase 200,000 ties of the plaintiff and for balance due on amount delivered and freight rebate. On the latter he asks a judgment for $2,247.60, and for non-fulfillment of contract and damages the sum of $17,032.32. The case will be heard at the December term of court.

Attorney A. A. Purman, of this city, says not a stroke of work is being done on the road at present. The cases against the company will go to the United States supreme court and ultimately it is believed the road will be sold to people who can push the enterprise forward.

STRUCK BY A GALE.

A Railroad Accident in Which Nine Cars Were Overturned.

KANSAS CITY, Mo., Oct. 15.—During a severe storm near Farmington, Utah, Sunday night, a Denver & Rio Grande passenger train was struck by a fierce gale of wind. The rear car was overturned, and as the safety chains were strong, car after car went over, one after another, until nine lay on their sides in the ditch.

The chains broke between the smoker and rear baggage car and the two front cars were saved. Seventy passengers were in the turned cars, but only three were seriously injured: C. H. Browning, of Memphis, ribs fractured; M. E. Hampton, of Pueblo, Col., badly cut on the head; unknown man, ankle broken and spine hurt.

The Brotherhood of Locomotive Engineers Discussing the Formation of a Labor Federation.

DENVER, Col., Oct. 15.—Over 500 delegates are in the city to attend the convention of the National Brotherhood of Locomotive Engineers, which opens to-night. The gathering will be of an international character, Mexico and Canada, as well as the United States, being represented. Chief Arthur will preside, the proceedings being conducted with closed doors. Should the convention indorse the action of its representatives in federating with the firemen, switchmen and brakemen and the Knights of Labor, the biggest labor federation in the world will have been brought into existence.

The secret agreement is as follows:

1. Upon the system of the Union Pacific railway there shall be organized a board of federation to consist of three members from each organization represented.

2. The Brotherhoods of Locomotive Firemen, Locomotive Engineers, and Railroad Brakemen, the Knights of Labor and the Switchmen's Mutual association shall receive and consider the application of any other organization on the system to join the federated board, to be accepted as the majority shall see fit, and agree to these articles of federation to govern our relations with the management of the systems upon which we are employed.

3. The members of the board of federtion shall be representatives of the executive grievance committee or boards of adjustment of their respective organizations.

4. In case of the executive or grievance committee of either organization failing to effect a settlement satisfactory to them, they shall comply with the laws of their organization regarding grievances and strikes and if their action in the matter receives the endorsement of their organization, said grievances shall be submitted to the federal board for final action.

5. Should the federated board agree on the justness of the alleged grievence they shall proceed to adjust the same.

6. The federated board failing to satisfactorily adjust the difficulty shall notify the organization presenting the grievance of such failure, informing them that if they desire to go beyond these peaceful measures they shall have the entire moral, and, if necessary, financial support of all the organizations represented on the board.

7. Should the organization where the grievance originated conclude that in order to obtain the justice demanded a strike is necessary, the federation board shall have authority by a two-thirds vote, if in their judgment, they deem it desirable to do so, to order all other organizations of the system represented on the board to join in the struggle to bring about a speedy settlement.

8. The organizations represented in this agreement mutually agree to do all in their power to build up and strengthen each other by influencing all persons to become members of the organization representing their trade or calling.

9. An expelled member of any organization shall be ineligible to membership in any of the other organization unless by the consent of the organizations from which he was expelled.

THE BICYCLE LOCOMOTIVE

Successful Operation of the Novel Contrivance at Coney Island—The Gossip of the Day.

NEW YORK, Oct. 15.—About one hundred persons who are interested in railroads went to Coney Island Saturday afternoon to attend the opening of the standard guage Boynton Bicycle railroad. The Sea Beach and Brighton railroad, of Coney island, has been purchased by the Boynton company and fitted up with their new system.

The Boynton engine is really a steam bicycle. Its tandem wheels are placed directly under it, and, like the similarly arranged wheels of the coaches, they run on a single rail. The passenger coaches are built two stories high and are divided into compartments, each holding four people. High in the air above the rail on which the engine and cars run there is a guard rail, supported on crane-necked posts. This is several feet above the two-story cars. Arms reaching up from the body of the cars, as well as from the engine, support small horizontal wheels, which clutch the guard rail and keep the train on the single rail below. The upper rail bears no weight, and the inventor declares the side pressure is very slight.

By this system the capacity of a road is doubled, and it is said also the expense of traction very much reduced. The cars are so narrow that a train can be run on each rail of the present standard guage road, and yet leave eight inches between the trains. The only addition to an ordinary road needed is a stationary rail overhead. The excursion party was taken over the Sea Beach road by an engine and a two-story passenger car forty-two feet long. The car ran very smooth.

The Fort Wayne, Cincinnati and Louisville yesterday changed its train schedule. Under the new arrangements close connections are made both ways with the trains over the Cleveland division of the Big Four.

An ingenious inventor has devised a scheme by which passengers in railway coaches can read without straining their eyes. It is an electric light placed at the side of the seat, which can be turned on by dropping a nickel in a slot.

M. M. M. Slattery, inventor and chief electrician for the Fort Wayne Electric Light company, has accepted an invitation from President J. H. Smart, and will this winter deliver a series of lectures on the science and principles of electricity before the students of Purdue university.

It is reported that the Pennsylvania has already made a preliminary contract for the delivery of 45,000 tons of steel rails during the first six months of 1890. The order is said to have been distributed between the Edgar Thomson, Cambria Iron works and Pennsylvania Steel works. It is understood that the price was $31.25 per ton, or a slight discount below current quotations.

After a careful consideration of the matter, the officials of the Pennsylvania lines have come to the conclusion that it would not be wise to introduce the vestibule system on their ordinary passenger coaches. Vice-president McCrea says that the disadvantages of the vestibule arrangement on the ordinary passenger coach, which is used so largely in the local traffic, far out-weigh the advantages.

An official of one of the railway associations says were the penalties for infractions of the interstate law inflicted on the roads which have broken its provisions the past summer it would cause fines amounting to $125,000,000 and give officials 50,000 years in the penitentiaries. These figures are rather absurd, but that the law has not been properly respected by many of the important western lines is evident.

Clerk Edward Challenger, of the Pittsburg boiler shops, observed the thirtieth anniversary of his birth yesterday, and in the evening was tendered a pleasant surprise at his home, 232 South Harrison street, by his friends. Ed is a magnificent fellow, one of the most valued clerks in the employ of the Pennsylvania company here, and with this recurrence of his natal day our reporter takes occasion to give him Rip Van Winkle's wish, "May you live long and prosper."

It has just developed that John T. Norris is no longer a detective, his commission having been taken from him by the late General Manager Shaw, of the Columbus, Hocking Valley and Toledo railroad. It appears that Norris was accustomed to make use of the privilege which his commission gave him, to secure free transportation over various railroads, to work up private jobs. The trouble dates from the Sullivan-Kilrain mill, when Norris mixed in the effort to take the latter back to Mississippi for the reward. John is now a private citizen, and has no more authority to make arrests than any other citizen.

Hood's Sarsaparilla is a purely vegetable preparation, being free from injurious ingredients. It is peculiar in its curative power.

The next commissioner of pensions should be a silent man. It is not a place for an orator.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

Haggard's income from "King Solomon's Mines" is between $5,000 and $10,000 a year.

The general offices of the Fort Wayne, Cincinnati and Louisville railroad (Muncie Route) are now located in the Trentman building. 76 Calhoun street. I have been the owner of "Appleton's Cyclopædia of American Biography" for several weeks and have given it careful examination. I have no work in my library which affords me more pleasure, as one can read it when there is not time to read a long article.

MR. WILSON, of Chicago, went abroad on a business trip. In due time, his business being completed, he returned home on board the French steamer La Normandie. In some way the New York papers mistook him for M. Wilson, the bad son-in-law of the good ex-President of the French Republic. They asked him lots of questions about French politics. He said he knew nothing and cared less about French politics; he had been abroad to look up novelties in the suspender line, and had got some calculated to brace up Chicago. Then the reporters slowly and sadly left him alone with his samples.

Shocking Accident.

So read the headlines of many a newspaper column, and we peruse with palpitating interest the details of the catastrophe, and are deeply impressed by the sacrifice of human lives involved. Yet thousands of men and women are falling victims every year to that terrible disease, consumption (scrofula of the lungs), and they and their friends are satisfied to believe the malady incurable. Now, there could be no greater mistake. No earthly power, of course, can restore a lung that is entirely wasted, but Dr. Pierce's Golden Medical Discovery will rapidly and surely arrest the ravages of consumption, if taken in time. Do not, therefore, despair, until you have tried this wonderful remedy.

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremly low prices, 15c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

Our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to use Teas, as there has been no advance in them, in fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 20c per pound, this is the same price as a pound of Rio Coffee and it will go twice as far. Our very best Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea as low as 10c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 30c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb
Japan Tea, common 10c lb, choice 30c lb, best 50c lb.

The 30c Japan Tea can not be beat. In fact, it will make as good a draw as the 50c, and few can tell the difference. It is sweet, high flavored and a rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once see it.

THE SUGAR MARKET

In consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rises in 90 days was equal to 40 per cent, but in the last 30 days the tendendcy has been downward, and we have reduced all goods 1c lb, from the highest point we quote now:

Crushed and Powdered, 9c lb.
Cut Loaf and Granulated, 9c lb.
Standard Coffee A., 8½c lb.
Choice Yellow Extra C., 7½c lb.

COFFEE, RIO AND JAVA.

The same influences that governed the sugar market has also controlled the coffee—viz—a coffee trust—and the price has been advanced and maintained the last year, in the face of a large crop and abundant supplies. There is now a prospect of a declining market. We are still selling our coffee's 5c below the market prices:

Choice Green Rio, 20c lb; Best Old Government Java, 25c lb; Choice Roasted Rio, 23c lb; Best Roasted Package Sampson Brand, 24c lb; Jersey Coffee, Roasted in Packages, 24c lb; Leverings Coffee, Roasted in Packages, 24c.

AN "IRISH PROMOTION."

The Gossips are Off Again About Assistant Secretary Huston—Presidential Appointments.

NEW YORK, Oct. 15.—The Times' Washington correspondent telegraphs that the latest reports concerning the office of assistant secretary of the treasury, left vacant by the promotion of General Batchellor to the diplomatic service, is that United States Treasurer Huston is to take the place.

WASHINGTON, Oct. 15.—No credence is attached at the treasury department to the rumor that United States Treasurer Huston will be appointed assistant secretary of the treasury when General Batcheller vacates his position to go as minister to Portugal, which position he has been appointed to and confirmed by the senate. It is pointed out that the salary of the treasurer of the United States is $6,000 a year, that of an assistant secretary of the treasury, $4,500 a year, that there are three assistant secretaries, that the position of treasurer is practically an independent position, while that of assistant secretary is not, and that for these reasons, to transfer Mr. Huston from the position of United States treasurer to that of third assistant secretary would, all things considered, be in the nature of an "Irish promotion."

A HUSBAND'S CRUELTY

Drives the Wife and Children Away from Home.

ST. LOUIS, Oct. 15.—On October 8th Mrs. Mary Brennan, a St. Louis woman, jumped from a running train near Clarksburg, W. Va., and fled to the woods. She was the wife of John Brennan, of St. Louis, and in a fit of dementia, ran away from her husband, taking their seven children with her. When she jumped from the train she was on the way to Bethlehem, Pa., where she has a brother. The children were taken in charge and forwarded to their destination. They told a story to the effect that their father's cruelty had driven the mother crazy. Two of the little boys became insane at Clarksburg.

Yesterday the police found John Brennan a raving maniac, in his home on Michigan avenue. He was very violent, and was only secured after a fierce struggle. He was sent to an asylum. Just after he had been placed in confinement, the chief of police received a telegram stating that Mrs. Brennan had been found, was in good hands, and in her right mind, but he could not comprehend the good news when it was told him.

DISGRACEFUL ROW

At the Conclusion of Church Services in Kentucky.

OWINGSVILLE, Ky., Oct. 15.—There was a disgraceful fight at Peastick's church, three miles east of this place, at the conclusion of the services Monday night, which resulted in the shooting and wounding of two innocent bystanders. Elizur Goodpaster and John Collins quarreled and pistols were drawn. Goodpaster fired and the shot hit a young man named Jesse Sexton. The shot took effect in the neck and inflicted a serious wound. The firing then became general and a man named Mace Goodpaster was shot in the arms and shoulder. The trial of the participants in the affair will be postponed to await the results of the injuries received by Sexton and Goodpastor.

THE EXTRA SESSION

Of Congress Discussed at a Cabinet Meeting.

WASHINGTON, Oct. 15.—Most of the members of the cabinet are reticient about the discussion of the extra session question at the meeting yesterday. Secretary Rusk, however, is more communicative. "The extra session matter was discussed," he said, "but no conclusion was reached. The question as to whether such action would operate to damage republican interests was not considered. I don't know what will be done, but it was not decided to abandon the idea of calling an extra session."

BETTER WASH CHICAGO

From Some of Its Wickedness—The Soap Men Meet There.

CHICAGO, Oct. 15.—The board of managers of the national soap manufacturers association met here yesterday, to make arrangements for the convention, which will begin to-day. The members declare that there is no intention to form a trust. Several hundred delegates, representing leading houses of the country, are present.

Shepard Suspended.

NEW YORK, Oct. 15.—The executive committee of the Union League club yesterday suspended Elliott F. Shepard from the privileges of the club for ten days. The suspension was imposed because Mr. Shepard printed in his paper the names of the members of the club who had been suspended for failing to pay their bills at the club.

POLITICS IN INDIANA.

Senator Voorhees and Other Campaigners Greeted with Large and Attentive Audiences.

INDIANAPOLIS, Oct. 15.—The campaign in Indiana is rapidly nearing an end. The people seem unusually cold and uninterested this year. Especially is this the case with the republicans. The democratic meetings are more largely attended and they do not lack enthusiasm. All the heavy democratic guns are blazing away in various parts of the state.

Senator Voorhees was late getting into the field, but he is now doing effective work. He is now in Northern Indiana. His meetings are always largely attended. The democratic managers say he is the best campaigner of either party in the state. Senator Turpie is making a thorough canvass of Southern Indiana. He began last week in the extreme southwest and is now working toward the central part of the state. He has been greeted by large crowds wherever he has appeared. He is a logical reasoner, formidable in debate and a most convincing orator.

One sees no stragglers nor hears any side conversations nor interuptions in a crowd that Turpie is talking to. Governor Gray is canvassing the northern portions of the state, and is having immense meetings. He is handling state questions largely, and is especially well posted on the state debt and finances. His arguments can not be answered by the opposition. He gives facts and figures to prove that whatever embarrassment the financial situation indicates the republican officials are responsible for it. The point he makes, and which annoys them the most, is that of the $8,000,000 debt of the state the republicans made $4,000,000, and they can show nothing for it. On the other hand, the democrats with their $4,000,000 built the state-house, one of the most magnificent edifices of the kind in the country, and in addition to this three of the largest and most elaborate insane hospitals in the world, and also several other public establishments.

Aiding the two senators and ex-Governor Gray are Congressmen Bynum, Cooper, Brookshire, Martin, Jason Brown, and a host of other lights. The republicans lack enthusiasm this year. The party workers have been very much disappointed in President Harrison and the rank and file are disgusted with the additions to the tariff and the recklessness of congress. The managers, headed by Michner, are engaged in still hunts, sharp practice schemes, and dickerings with the alliance and other farmer organizations of the state. The scheme to colonize hundreds of negroes is being exposed. The gangs sent to Marion county and other portions of central and southern Indiana have been located and watched. The new Australian election law will prevent largely the colored gentry from getting any unlawful ballots into the boxes. Indianapolis, however, is a good place for them to come to. The negro population is large and influential here and they all look alike on election day. Indianapolis has a larger proportional population of negroes than any other city of the north.

REVISION OF FAITH.

Action of the Committees of Presbyterian General Assembly.

PITTSBURG, Oct. 15.—The committee of the general assembly of the Presbyterian church appointed to report on revision of confession of faith, adjourned to meet again in Washington February 4, 1891. They will report the following changes of revision: Chapter 3, sections 3, 4, 5 and 7; chapter 4, section, 1; chapter 6, section 4; chapter 7, sections 4, 5 and 6; chapter 10, sections 2 and 8. Several committees were appointed to recommend changes and report to the general committee in Washington.

The committees have been confirmed in the belief that a report will be finally adopted which will receive the approval of the general assembly and be adopted by the presbyteries.

CHICAGO, Oct. 15.—The consolidated ice machine company made a voluntary assignment yesterday afternoon to Robert E. Jenkins. Shinkle, the president of the company refuses to say anything regarding the cause of the failure.

Mrs. McAuliffe Dead.

NEW YORK, Oct. 15.—Mrs. Kate McAuliffe, an actress engaged with the Donnelly & Girard Natural Gas company, and the wife of Jack McAuliffe, the champion light-weight prize fighter, died suddenly at the West Side hotel. It is supposed her death was caused by heart disease.

ARGUED RELIGION.

Two Police Officers Do it, a Fight Ensues and One of Them is Fatally Wounded.

CHICAGO, Oct. 15.—Officer Junge, of the Stanton avenue station, was shot and probably fatally wounded, by Tim Madden, a brother officer, at three o'clock this morning. The two policemen got into an argument about religion, and Madden accussed Junge of belonging to the organization known as the United Order of Deputies. Junge struck at Madden with his club, and the latter drew his revolver and shot Junge in the left side, about two inches above the heart. The injured man was conveyed to the Michaelrez hospital.

FORTY-FIVE YEARS SERVICE.

Hon. F. P. Randall the Oldest Insurance Agent in the World—A Tribute.

Hon. F. P. Randall, ex-mayor of this city, has been local agent of the Hartford Fire insurance company, without cessation for forty-five years and has the reputation of being the oldest insurance agent in the world. In appreciation of his reliable service the above named company has paid a fitting tribute to our honored citizen by having published in expensive lithograph print a folder containing a handsome portrait of Mr. Randall and a brief life sketch as published in THE SENTINEL at one time. The subject of the sketch is styled the "model" agent and is set up as an example for the other 4,000 agents of the company in all parts of the country to emulate. An autograph letter written by Mr. Randall also appears. This veteran insurance agent is still quite active and is seen at his office every day. He is nearing four score years.

A VEILED WOMAN

Successfully Accomplishes the Kidnapping of a Child.

HOUSTON, Texas, Oct. 15.—A most successful kidnapping case occurred here yesterday and up to midnight no clew to the parties was discovered. About three years ago in St. Louis the kidnapped child, Celeste Gaines, was taken from her mother by Col. Will Gaines, late proprietor of the Austin Statesman. Gaines had married a Miss Evans, of St. Louis, but after two years of married life the couple separated. Gaines came to Texas and his daughter was kidnapped and taken to him. Yesterday, while the child was out for a walk, a hack drove up. A woman, heavily veiled, alighted and without a word of warning seized the child and placed it in the carriage and drove off at a rapid rate. The police were notified, but have not as yet discovered any trace of the child.

FEAR FOUL PLAY.

A Chicago Doctor Missing From Home Since Thursday.

CHICAGO, Oct. 15.—Dr. Clinton T. Cook, residing at No. 1,268 Madison street, has been missing since Thursday last. From the circumstances attending his disappearance, it is feared he has been foully dealt with. He told a cousin on Thursday that he had to make a visit into a very tough locality, indicating the west side, and that he was fearful of his mission. He was very nervous. An hour later he telegraphed his brother, with whom he lived, that he would be absent all night. A most diligent search has been made for him, but without success.

NO WATER.

An Illinois Town Agitated Because of Water Famine.

BELLEVILLE, Ill., Oct. 15.—This city is greatly agitated over a water famine. The Belleville water works company today notified private consumers that no water would be furnished for several days. The stream from which the water secures its supply is almost dry and the reservoirs are empty. This morning a score of manufacturing institutions were cut off and nearly all will be compelled to shut down. The water works has not been a brilliant success, and as this is the second famine, people are loud in their denunciation of the company.

PASTOR CAUGHT BY CUPID!

Rev. Carl Schaaf, of the St. John Reformed Church, Weds at Chicago—Other Marriages.

The announcement conveyed in the headlines to this article will come in the nature of a surprise to many of the friends of Rev. Carl. Schaaf in this city. He is the pastor of the St. John's Reformed church, at the corner of Washington and Webster streets, and has one of the largest and most flourishing congregations in the city and is universally beloved, having been pastor of the church in this city for a number of years.

He was absent from his pulpit last Sunday. It was known to a few of his friends that he had gone to Chicago to wed a young lady of that city, but his congregation in general and his host of friends, not only in this city, but throughout northern Indiana, will be surprised when THE SENTINEL to-day announces his marriage at Chicago, on Monday evening, to Miss Frieda Haeger, Rev. Henneman, of the First Reformed church, of that place, performing the ceremony. The marriage was quietly celebrated, and soon after the ceremony the bride and groom left for Indianapolis, from which place they will arrive here this evening.

The bride was a teacher in the German department of the public schools of Chicago. She is a charming lady, not alone for her beauty, but for her many accomplishments.

THE SENTINEL unites with his congregation and his friends in extending to the popular pastor of the St. John's Reformed church and his bride its choicest congratulations.

OTHER MARRIAGES.

Last evening at the bride's home, corner of Clinton and Holman streets, occurred the marriage of Miss Mary A., daughter of Mrs. May J. French, to Edgar S. Young, the popular clerk in the Nickel Plate offices. Rev. A. K. Zartman performed the ceremony. Only the immediate friends of the contracting parties were present. The young people dispensed with the customary wedding trip and have gone to house keeping at 222 West Wayne street.

At 8 o'clock this morning, at St. Mary's Catholic church, occurred the marriage of Miss Louise, the amiable daughter of Mrs. Henry Monning, to John C. Groehne, of Cincinnati. The ceremony was performed by Rev. Father J. H. Oechtering. The attendants were Miss Mary Schnelker, of New Haven, and Henry Monning, brother of the bride. The wedding was a quiet affair, only a few relatives and intimate friends being present. Immediately after the ceremony the bridal party were driven to the bride's home, 143 East Wayne street, where a wedding breakfast was served. The bride is a charming young lady of womanly attainments and the groom is a prosperous young music publisher and dealer in the Queen City. Mr. and Mrs. Groehne will leave this evening for Cleveland and other cities and will go thence to their future home.

The marriage of John Malone and Miss Nora Graidy took place at 6 o'clock this morning, in the Cathedral. The bridal party were driven in an elegant open carriage about the city.

They came to Paris on Monday and thence departed for the county seat of M. Raffalovich, at Gif, in the department of Seine-et-Oise. Last night they returned to this city, but their whereabouts are unknown. Should news favorable to the Irish mission be received from the United States Messrs. Dillon and O'Brien will proceed to New York at the end of the present week.

THE CITY WINS

Its Asphalt Case in the Supreme Court at Indianapolis.

In the supreme court of the state at Indianapolis yesterday the decision of Judge Frazer in the Wayne street asphalt case was reversed. This is the suit instituted by Hon. J. K. Edgerton and others to enjoin the collection of assessments for the construction of the asphaltum pavement on West Wayne street. They alleged irregularities in the publication of notices and had other grievances against the contract and pavement. The case went from here on a change of venue and was heard by Judge Frazer, of Warsaw. He held that the position maintained by Mr. Edgerton and others was good and they withheld some $9,000 due the Barber Paving company for their work and the case was appealed to the state supreme court. By the decision yesterday of the supreme court Messrs. Edgerton, Evans and others will be compelled to pay their assessment for the Wayne street improvement, with 6 per cent. interest from December, 1889, as well as the costs. The assessments involved amounted to over $8,000. Judge Allen Zollars appeared for Mr. Edgerton and others, and will ask a new trial from the supreme court.

Against him Colerick & Oppenhein appeared for the city, and Mr. H. C. Hanna for the Barber Paving company.

The supreme court holds that the proceedings of the Fort Wayne council, in the matter of ordering and making the improvement now in question, are in substantial compliance with the act of the general assembly, approved March 8, 1889, and that they are not void, and that, as each paragraph of the complaint in this case proceeded upon the theory that the proceedings of the council were void, none of the paragraphs were sufficient to withstand a demurrer.

A FINANCIAL CRASH.

The Extensive Wholesale and Retail Business of Renner, Cratsley & Co. Goes Under by Assignment.

The firm of Renner, Cratsley & Co. made an assignment to-day and the doors of that establishment are closed. It is another failure upon the heels of "The Fair" assignment last week.

The firm, composed of George A. Renner, Frank C. Cratsley and Milton H. Burgert, has been doing business for two years past at No. 52 Calhoun street, opposite the court house. They purchased the business of Keil Bros., who had conducted it for many years. The firm had a disastrous fire last spring, sustaining quite a loss, but they struggled to the front again. Their enormous stock, consisting of books, stationery, wall paper, toys, notions and artists' materials, occupied the four stories of the building. The firm, on account of failing and embarrassed circumstances, to-day made an assignment of their entire stock of goods to Owen N. Heaton, as trustee in trust for the benefit of all bona fide creditors. A mortgage was also executed to William P. Breen, securing as the preferred creditors, David H. Burgett, of Toledo, in the sum of $3,000, and the Hamilton National bank in the sum of $1,600. The liabilities, all told, will amount to probably $20,000. The assets are between $30,000 and $40,000. The deed of assignment conveys to Mr. Heaton, the assignee, the entire stock, and also the horses and wagons of the firm, and fireworks in a building at 126 East Wayne street, besides notes, accounts, bills and receipts. The assignee took the keys and now has control.

Mr. Heaton, who has been attorney for the firm, was seen by a SENTINEL reporter. "The creditors will all be paid," said he, "and I think they will be paid nearly, if not quite, in full. I will soon begin to dispose of the goods."

Mr. Heaton has filed his bond in the sum of $80,000 for the faithful performance of his commission and his sureties are William P. Breen, P. J. McDonald and William J. Vesey.

Mr. Renner was also interviewed, and said: "The cause of the failure is simply this: A large amount of paper was falling due, and we did not have the money to meet the emergency. If some of our outstanding heavy accounts were only collected, we could have avoided this. We have had a few complications, too, in the firm, which distressed us."

"You will resume business again?" ventured the reporter.

"We hope we can do so," he responded.

The business of Renner, Cratsley & Co. was regarded as the most extensive of the kind in the state, outside of Indianapolis. They sold at retail and wholesale, but during the last few weeks they were having a special sale of retail stock, preparatory to going into the wholesale business exclusively.

There was to be found in their store at all times a stock that a Chicago house might envy, much of it being imported goods. The members comprising the firm have always been regarded as enterprising business men, fair and square in all their dealings and true gentlemen in every sense of the word, and their inability to meet the financial demands of the moment does not depreciate those qualities one bit. The sympathies of the community are with them and it will be generally hoped that they will soon be "on their feet" again.

REPORT OF COMMITTEE ON STREETS.

We your committee on streets and alleys would respectfully report as follows:

That the following persons are the lowest bidders and recommend contracts to be approved.

1. To William Oetting, to grade and pave with brick the sidewalks on Oliver street, from Grant street to the Pittsburg, Fort Wayne and Chicago railroad.

2. To Fred Oetting, to grade and pave with brick the sidewalk on both sides of Walter street, from Maumee to Wayne street.

3. To Fred Oetting, to grade and pave with brick the sidewalk on the east side of Holton avenue, from Creighton avenue to Pontiac street.

4. To Fred Oetting, to grade and pave with brick the sidewalk on Francis street, from Washington to Erie streets.

5. To Gus Horstman, to grade and pave with brick the sidewalks on the east side of Kansas street, from Melita street to the first alley north.

6. To Gus Horstman, to grade and pave with brick the sidewalk on the east side of Kansas street, from Grand street to the first alley south.

7. To Gus Horstman, to grade and pave with brick the sidewalk on the east side of Wabash avenue, from Maumee to Humphrey street.

8. To Jos. Derheimer, to grade and pave with cedar block the alley between Berry and Wayne streets, from Barr to Lafayette streets.

9. We also reject the proposal of Gus Horstman to grade and pave with brick the sidewalk on the west side of Kansas street, from Grand street to the first alley south.

10. In relation to the resolution of Councilman Cody requesting to clean Superior street, from the St. Marys river to Barr street, and repair the same with broken stone, your committee would again report that all improved streets should be kept clean and in repair by the street commissioner, and this has reference to Superior street, from the St. Marys river to Calhoun street only. From Calhoun street to Barr street it is a unimproved street and should be treated the same as any other street, to fill up with some material wherever necessary, but not with broken stone. This section should be referred to the street commissioner.

11. The petition of M. Lynch and others asking to allow them to construct their own walk on the west side of Kansas street, report in favor of same, providing they file their proper bond under the supervision of the city civil engineer.

12. In reference to the resolution of Councilman Gordon instructing the street commissioner to fill up the gutters on Williams street wherever stagnant water exists, your committee reports that it has been done.

13. The resolution of Councilman Delagrange requesting that ten days notice should be given to property owners of lots 61, 62, 63, 64 and 65, in Foundry addition, and also Mr. Bass to repair their sidewalks and raise the same to the proper grade your committee recommends that the street commissioner be instructed to give the proper notice as requested by the resolution.

14. In reference to the petition of J. M. Robinson, and R. T. McDonald asking to vacate the alley adjoining lots 31 and 32 County addition, and remonstrance of T. B. Hedekin and others thereto, we report adversely to the petition and in favor of the remonstrances.

Respectfully submitted,
HERMAN MICHAEL.

REPORT OF COMMITTEE ON PARKS.

We, your committee on parks, respectfully report:

1. In relation to letting the contract for the boiler and piping of the green houses in the North Side park we report we have awarded the contract to James Madden for $345 38, he being the lowest bidder.

2. In relation to the fountain in the McCulloch park, we report, whereas, the common council has allowed the committee on parks not to exceed the sum of $800 for a fountain in this park, and in looking over different catalogues we can find no suitable fountain for that money, but inasmuch as this is not something for the present but something for years to come we feel it our duty to report in favor of the city purchasing a better fountain, and as there is enough money in the park fund to purchase a better one, we recommend that this council instruct the committee on parks to purchase the fountain of J. L. Mott's iron works, plate 13 H, which will cost on board of cars at New York city $1,331.00. We further report, inasmuch as the McCulloch park has not cost the city anything, only the keeping up of the same, that it is the duty of this council and the citizens at large, if they wish to show their respect to the Hon. Hugh McCulloch for donating this valuable piece of ground to the city for park purposes, to place in the same a handsome fountain. 17 members of this council being in favor of said fountain.

3. We further report that we have employed Arthur Doswell as florist in our green houses at $1.50 per day for actual labor, he to work under the instruction of the superintendent of parks.

4. We further report that the committee on parks be instructed to advertise for the necessary flower pots they need in the green houses, and give them power to act.

We, your committee on public grounds and buildings to whom was referred the bills of the Sallmonie Mining and Gas company report that we find that said bill includes the use of natural gas at the Central engine house and engineer's office for the last two weeks of July. The city paid the Artificial Gas company $4 95 for said time, the natural gas not having been supplied to said offices until after the 10th of August. We therefore recommend that said bill be allowed, less $4.95.

We, your committee on public grounds and buildings with mayor and city attorney, to whom was referred the petition of the Business Men's Exchange, asking for an appropriation to procure signal flags for use upon the government buildings, we report that while the law authorizes no appropriations for such purpose, yet there is less offence in the breach than in the observance. REPORT OF "RED LINE" COMMITTEE.

We, your Red Line committee to whom was referred the subject matter of Washington street grade at intersection of Harmer street, respectfully report that upon a careful examination of said intersection we found the same too high, it being from two feet to four feet and a half higher than any of the next intersections north, south, east or west. We concluded that at said intersection a cut should be made of two feet sloping southward gradually until it conforms with the grade of Harmer street at a point opposite the first alley south of Washington street and that it slope gradually east on Washington street until it conforms to the present grade of Washington street 200 feet east of Harmer street.

To make said grade will require the lowering of the street railway track, which lowering must be done at the expense of the street railway company.

We notified Mr. S. B. Bond, of said company, accordingly. As usual he said that the railway company would cheerfully comply with any necessary orders of the council and that the work would at once be done. We have caused the profile to show said grade line and recommend that said grade be adopted.

BISHOP TAYLOR.

The Bishop to Africa Speaks of the Missionary Work in That Country.

A magnificent audience greeted Bishop William Taylor at the Taylor university last evening, to listen to his lecture on the progress of missionary work in Africa, and the eloquent speaker delivered a grand discourse, which was full of interest. He described the methods pursued by the church to accomplish the evangelization of the dark continent and the work that has already been done in that direction. If Africa is to be saved for Christ, he said, the people there must be taught how to make an honest living and for this reason it is our duty to educate them by establishing schools among them. Africa is the richest country in the world, with the most liberal land laws. Any native man or woman can select their farm in the occupied public domain, and possession is equivalent to a warrantee deed. The nations of Europe are grasping for the resources of Africa. So all they need is leadership, and all the leaders need is money to go in broadly and rapidly and establish independency.

We have now, he said, thirty-five missions opened, and manned by seventy-five workers, among the raw heathens, outside of missions planted by our missionary society in Liberia. Of these thirty-five mission stations, seven are manned by single young women, who have charge of a king, chiefs and whole tribe, and not one of them has ever expressed a fear. We have already seven church organizations, with an aggregate membership of over 300. The outlook for Africa is hopeful. The bishop, though three-quarters of a century old, expects to live until javelins of gospel light shall pierce it from every point of the compass and to its very heart. In closing he plead eloquently for the university. Mr. Hudson sang a solo and Mr. Driver pronounced the benediction.

To-night a grand farewell meeting will be held at the Wayne street M. E. church. The eloquent Ross Taylor, son of the bishop, will preach and the bishop will utter his final words to the people of Fort Wayne.

Bishop Taylor, his son Rev. Ross Taylor and Rev. R. E. Hudson, will leave for Delaware, Ohio, to-morrow morning. The bishop will leave for New York in a few days and will sail for Africa to resume his missionary work.

MORTAR-SPOTTED SKIN
Covered with Scales. Awful Spectacle. Cured in Five Weeks by the Cuticura Remedies.

I am going to tell you of an extraordinary cure your Cuticura Remedies performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, which came off in layers accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, until I had been fully cured. I had the disease thirteen months before I began taking the Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I know of a great many who have taken the Remedies, and thank me for the knowledge of them, especially mothers who have babes with scaly eruptions on their heads and bodies. I cannot express my thanks to you. My body was covered with scales and I was an awful spectacle to behold. Now my skin is as clear as a baby's.

A working woman said she would walk ten miles to get the Ball corset, if she couldn't get it without. She had had experience with it.

That corset is just as easy the minute you put it on as it is when half worn out.

You can go to your store and get it and wear it two or three weeks, and then you will know what comfort is in a corset. If you are disappointed in it in any way, go back to the store and get your money within three weeks or so—you'll get it. The maker pays the merchant to do that.

There's a primer on Corsets for you at the store.

He is in the hospital at that place and the doctors have no hopes of his recovering the use of that member. His parents live in this city, his father being a machinist in the Pittsburg shops. He was formerly employed in the Pittsburg store room.

It is with the greatest confidence that Hood's Sarsaparilla is recommended for loss of appetite, indigestion, sick headache, and similar troubles. This medicine gently tones the stomach, assists digestion, and makes one "real hungry." Persons in delicate health, after taking Hood's Sarsaparilla a few days, find themselves longing for and eating the plainest food with unexpected relish.

The Sixty-third Indiana Regimental association will hold a reunion at Covington to morrow.

Nature should be assisted in the spring to throw off the heaviness of the sluggish winter circulation of the blood. Nothing does it so well, so prompt or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best tonic and blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it.

SECRETED SWITCHES

Brought by a Woman From France to Avoid the Tariff Duty.

NEW YORK, Oct. 15.—Mrs. E. Brown, a passenger who arrived on Sunday from France on the steamer LaGascogne, had among her baggage a trunk containing dresses, switches of human hair and many other dutiable articles. An inspector searched Mrs. Brown and found on her person several switches of human hair, which fact seemed to indicate that she had bought all her goods to sell in her hair dressing establishment in Philadelphia. The entire lot, appraised at $300, was seized.

Dyspepsia

Makes the lives of many people miserable, causing distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels. Dyspepsia does not get well of itself. It requires careful attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet efficiently. It tones the stomach, regulates the digestion, creates a good appetite, banishes headache, and refreshes the mind.

Distress After Eating

Sick Headache

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. After eating I would have a faint or tired, all gone feeling, as though I had not eaten anything. My trouble was aggravated by my business, painting. Last spring I took Hood's Sarsaparilla, which did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced."

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.

National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five —————— DOLLARS.

$578,345 00/100 29 DEC 28 1889. CERTIFIED. Payable through New York Clearing House, N. B. A.

E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in mercantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that isn't an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

H·A·T ✣ T·I·P·S!

We saw a man wearing a hat of last Spring's vintage, the other day looking longingly into the show-window of one of our well known hatters, and we ourselves were tempted to stop and size up the styles and prices. A very stylish variety of Fall Derbys were artistically displayed, and upon a little ticket in the centre of the window was the legend:

NEW FALL SHAPES $5.00.

The man in the faded tile heaved a sigh and passed along; no doubt he wanted a hat; but $5.00 was more than he could stand. Its against our principles to "talk shop" outside of our store, but we fairly yearned to run after the disappointed wayfarer and tell him that we were selling the same hats—made in the same factory—for $3 50 But if we couldn't tell him of it, we tell you, and that's where you're luckier than the old fellow. Make up your mind to save about one third on hat-store prices by coming to us. This holds good on boys' as well as on Men's hats.

As a special inducement we will sell for the

AN "IRISH PROMOTION."

The Gossips are Off Again About Assistant Secretary Huston—Presidential Appointments.

NEW YORK, Oct. 15.—The Times' Washington correspondent telegraphs that the latest reports concerning the office of assistant secretary of the treasury, left vacant by the promotion of General Batchellor to the diplomatic service, is that United States Treasurer Huston is to take the place.

WASHINGTON, Oct. 15.—No credence is attached at the treasury department to the rumor that United States Treasurer Huston will be appointed assistant secretary of the treasury when General Batcheller vacates his position to go as minister to Portugal, which position he has been appointed to and confirmed by the senate. It is pointed out that the salary of the treasurer of the United States is $6,000 a year, that of an assistant secretary of the treasury, $4,500 a year, that there are three assistant secretaries, that the position of treasurer is practically an independent position, while that of assistant secretary is not, and that for these reasons, to transfer Mr. Huston from the position of United States treasurer to that of third assistant secretary would, all things considered, be in the nature of an "Irish promotion."

OFFICES GIVEN OUT.

The president to-day made the following appointments: D. Geoghadan, of VanCouver, Wash., to be register of the land office at VanCouver, Wash.; Geo. W. Bryant, of San Bernardino, Cal., to be receiver of public moneys at Los Angeles, Cal.; Chas. C. Warner, of Reno, Nev., to be agent of the Who Indians of Nevada agency in Nevada; David Wade Matthews, of Salem, Ore., to be agent for the Indians of the Klamath agency, in Oregon.

A HUSBAND'S CRUELTY

Drives the Wife and Children Away from Home.

ST. LOUIS, Oct. 15.—On October 8th Mrs. Mary Brennan, a St. Louis woman, jumped from a running train near Clarksburg, W. Va., and fled to the woods. She was the wife of John Brennan, of St. Louis, and in a fit of dementia, ran away from her husband, taking their seven children with her. When she jumped from the train she was on the way to Bethlehem, Pa., where she has a brother. The children were taken in charge and forwarded to their destination. They told a story to the effect that their father's cruelty had driven the mother crazy. Two of the little boys became insane at Clarksburg.

Yesterday the police found John Brennan a raving maniac, in his home on Michigan avenue. He was very violent, and was only secured after a fierce struggle. He was sent to an asylum. Just after he had been placed in confinement, the chief of police received a telegram stating that Mrs. Brennan had been found, was in good hands, and in her right mind, but he could not comprehend the good news when it was told him.

DISGRACEFUL ROW

At the Conclusion of Church Services in Kentucky.

OWINGSVILLE, Ky., Oct. 15.—There was a disgraceful fight at Peastick's church, three miles east of this place, at the conclusion of the services Monday night, which resulted in the shooting and wounding of two innocent bystanders. Elisur Goodpaster and John Collins quarreled and pistols were drawn. Goodpaster fired and the shot hit a young man named Jesse Sexton. The shot took effect in the neck and inflicted a serious wound. The firing then became general and a man named Mace Goodpaster was shot in the arms and shoulder. The trial of the participants in the affair will be postponed to await the results of the injuries received by Sexton and Goodpaster.

THE EXTRA SESSION

Of Congress Discussed at a Cabinet Meeting.

WASHINGTON, Oct. 15.—Most of the members of the cabinet are reticient about the discussion of the extra session question at the meeting yesterday. Secretary Rusk, however, is more communicative. "The extra session matter was discussed," he said, "but no conclusion was reached. The question as to whether such action would operate to damage republican interests was not considered. I don't know what will be done, but it was not decided to abandon the idea of calling an extra session."

BETTER WASH CHICAGO

CHICAGO, Oct. 15.—The board of managers of the national soap manufacturers association met here yesterday, to make arrangements for the convention, which will begin to-day. The members declare that there is no intention to form a trust. Several hundred delegates, representing leading houses of the country, are present.

Shepard Suspended.

NEW YORK, Oct. 15.—The executive committee of the Union League club yesterday suspended Elliott F. Shepard from the privileges of the club for ten days. The suspension was imposed because Mr. Shepard printed in his paper the names of the members of the club who had been suspended for failing to pay their bills at the club.

POLITICS IN INDIANA.

Senator Voorhees and Other Campaigners Greeted with Large and Attentive Audiences.

INDIANAPOLIS, Oct. 15.—The campaign in Indiana is rapidly nearing an end. The people seem unusually cold and uninterested this year. Especially is this the case with the republicans. The democratic meetings are more largely attended and they do not lack enthusiasm. All the heavy democratic guns are blazing away in various parts of the state.

Senator Voorhees was late getting into the field, but he is now doing effective work. He is now in Northern Indiana. His meetings are always largely attended. The democratic managers say he is the best campaigner of either party in the state. Senator Turpie is making a thorough canvass of Southern Indiana. He began last week in the extreme southwest and is now working toward the central part of the state. He has been greeted by large crowds wherever he has appeared. He is a logical reasoner, formidable in debate and a most convincing orator.

One sees no stragglers nor hears any side conversations nor interruptions in a crowd that Turpie is talking to. Governor Gray is canvassing the northern portions of the state, and is having immense meetings. He is handling state questions largely, and is especially well posted on the state debt and finances. His arguments can not be answered by the opposition. He gives facts and figures to prove that whatever embarrassment the financial situation indicates the republican officials are responsible for it. The point he makes, and which annoys them the most, is that of the $8,000,000 debt of the state the republicans made $4,000,000, and they can show nothing for it. On the other hand, the democrats with their $4,000,000 built the state-house, one of the most magnificent edifices of the kind in the country, and in addition to this three of the largest and most elaborate insane hospitals in the world, and also several other public establishments.

Aiding the two senators and ex-Governor Gray are Congressmen Bynum, Cooper, Brookshire, Martin, Jason Brown, and a host of other lights. The republicans lack enthusiasm this year. The party workers have been very much disappointed in President Harrison and the rank and file are disgusted with the additions to the tariff and the recklessness of congress. The managers, headed by Michner, are engaged in still hunts, sharp practice schemes, and dickerings with the alliance and other farmer organizations of the state. The scheme to colonize hundreds of negroes is being exposed. The gangs sent to Marion county and other portions of central and southern Indiana have been located and watched. The new Australian election law will prevent largely the colored gentry from getting any unlawful ballots into the boxes. Indianapolis, however, is a good place for them to come to. The negro population is large and influential here and they all look alike on election day. Indianapolis has a larger proportional population of negroes than any other city of the north.

REVISION OF FAITH.

Hon. F. P. Randall, ex-mayor of this city, has been local agent of the Hartford Fire insurance company, without cessation for forty-five years and has the reputation of being the oldest insurance agent in the world. In appreciation of his reliable service the above named company has paid a fitting tribute to our honored citizen by having published in expensive lithograph print a folder containing a handsome portrait of Mr. Randall and a brief life sketch as published in THE SENTINEL at one time. The subject of the sketch is styled the "model" agent and is set up as an example for the other 4,000 agents of the company in all parts of the country to emulate. An autograph letter written by Mr. Randall also appears. This veteran insurance agent is still quite active and is seen at his office every day. He is nearing four score years.

A VEILED WOMAN

Successfully Accomplishes the Kidnapping of a Child.

HOUSTON, Texas, Oct. 15.—A most successful kidnapping case occurred here yesterday and up to midnight no clew to the parties was discovered. About three years ago in St. Louis the kidnapped child, Celeste Gaines, was taken from her mother by Col. Will Gaines, late proprietor of the Austin Statesman. Gaines had married a Miss Evans, of St. Louis, but after two years of married life the couple separated. Gaines came to Texas and his daughter was kidnapped and taken to him. Yesterday, while the child was out for a walk, a hack drove up. A woman, heavily veiled, alighted and without a word of warning seized the child and placed it in the carriage and drove off at a rapid rate. The police were notified, but have not as yet discovered any trace of the child.

FEAR FOUL PLAY.

A Chicago Doctor Missing From Home Since Thursday.

CHICAGO, Oct. 15.—Dr. Clinton T. Cook, residing at No. 1,268 Madison street, has been missing since Thursday last. He told a cousin on Thursday that he had to make a visit into a very tough locality, indicating the west side, and that he was fearful of his mission. He was very nervous. An hour later he telegraphed his brother, with whom he lived, that he would be absent all night. A most diligent search has been made for him, but without success.

PASTOR CAUGHT BY CUPID!

Rev. Carl Schaaf, of the St. John Reformed Church, Weds at Chicago—Other Marriages.

The announcement conveyed in the headlines to this article will come in the nature of a surprise to many of the friends of Rev. Carl Schaaf in this city. He is the pastor of the St. John's Reformed church, at the corner of Washington and Webster streets, and has one of the largest and most flourishing congregations in the city and is universally beloved, having been pastor of the church in this city for a number of years.

He was absent from his pulpit last Sunday. It was known to a few of his friends that he had gone to Chicago to wed a young lady of that city, but his congregation in general and his host of friends, not only in this city, but throughout northern Indiana, will be surprised when THE SENTINEL to-day announces his marriage at Chicago, on Monday evening, to Miss Frieda Haeger, Rev. Henneman, of the First Reformed church, of that place, performing the ceremony. The marriage was quietly celebrated, and soon after the ceremony the bride and groom left for Indianapolis, from which place they will arrive here this evening.

The bride was a teacher in the German department of the public schools of Chicago. She is a charming lady, not alone for her beauty, but for her many accomplishments.

THE SENTINEL unites with his congregation and his friends in extending to the popular pastor of the St. John's Reformed church and his bride its choicest congratulations.

OTHER MARRIAGES.

Last evening at the bride's home, corner of Clinton and Holman streets, occurred the marriage of Miss Mary A., daughter of Mrs. May J. French, to Edgar S. Young, the popular clerk in the Nickel Plate offices. Rev. A. K. Zartman performed the ceremony. Only the immediate friends of the contracting parties were present. The young people dispensed with the customary wedding trip and have gone to house keeping at 222 West Wayne street.

At 8 o'clock this morning, at St. Mary's Catholic church, occurred the marriage of Miss Louise, the amiable daughter of Mrs. Henry Monning, to John C. Groehne, of Cincinnati. The ceremony was performed by Rev. Father J. H. Oechtering. The attendants were Miss Mary Schnelker, of New Haven, and Henry Monning, brother of the bride. The wedding was a quiet affair, only a few relatives and intimate friends being present. Immediately after the ceremony the bridal party were driven to the bride's home, 148 East Wayne street, where a wedding breakfast was served. The bride is a charming young lady of womanly attainments and the groom is a prosperous young music publisher and dealer in the Queen City. Mr. and Mrs. Groehne will leave this evening for Cleveland and other cities and will go thence to their future home.

The marriage of John Malone and Miss Nora Graidy took place at 6 o'clock this morning, in the Cathedral. The bridal party were driven in an elegant open carriage about the city.

THE CITY WINS

Its Asphalt Case in the Supreme Court at Indianapolis.

In the supreme court of the state at Indianapolis yesterday the decision of Judge Frazer in the Wayne street asphalt case was reversed. This is the suit instituted by Hon. J. K. Edgerton and others to enjoin the collection of assessments for the construction of the asphaltum pavement on West Wayne street. They alleged irregularities in the publication of notices and had other grievances against the contract and pavement. The case went from here on a change of venue and was heard by Judge Frazer, of Warsaw. He held that the position maintained by Mr. Edgerton and others was good and they withheld some $9,000 due the Barber Paving company for their work and the case was appealed to the state supreme court. By the decision yesterday of the supreme court Messrs. Edgerton, Evans and others will be compelled to pay their assessment for the Wayne street improvement, with 6 per cent. interest from December, 1889, as well as the costs. The assessments involved amounted to over $8,000. Judge Allen Zollars appeared for Mr. Edgerton and others, and will ask a new trial from the supreme court.

Against him Colerick & Oppenhein appeared for the city, and Mr. H. C. Hanna for the Barber Paving company.

The supreme court holds that the proceedings of the Fort Wayne council, in the matter of ordering and making the improvement now in question, are in substantial compliance with the act of the general assembly, approved March 8, 1889, and that they are not void, and that, as each paragraph of the complaint in this case proceeded upon the theory that the proceedings of the council were void, none of the paragraphs were sufficient to withstand a demurrer.

A FINANCIAL CRASH.

The Extensive Wholesale and Retail Business of Renner, Cratsley & Co. Goes Under by Assignment.

The firm of Renner, Cratsley & Co. made an assignment to-day and the doors of that establishment are closed. It is another failure upon the heels of "The Fair" assignment last week.

The firm, composed of George A. Renner, Frank C. Cratsley and Milton H. Burgert, has been doing business for two years past at No. 52 Calhoun street, opposite the court house. They purchased the business of Keil Bros., who had conducted it for many years. The firm had a disastrous fire last spring, sustaining quite a loss, but they struggled to the front again. Their enormous stock, consisting of books, stationery, wall paper, toys, notions and artists' materials, occupied the four stories of the building. The firm, on account of failing and embarrassed circumstances, to-day made an assignment of their entire stock of goods to Owen N. Heaton, as trustee in trust for the benefit of all bona fide creditors. A mortgage was also executed to William P. Breen, securing as the preferred creditors, David H. Burgett, of Toledo, in the sum of $8,000, and the Hamilton National bank in the sum of $1,600. The liabilities, all told, will amount to probably $20,000. The assets are between $30,000 and $40,000. The deed of assignment conveys to Mr. Heaton, the assignee, the entire stock, and also the horses and wagons of the firm, and fireworks in a building at 126 East Wayne street, besides notes, accounts, bills and receipts. The assignee took the keys and now has control.

Mr. Heaton, who has been attorney for the firm, was seen by a SENTINEL reporter. "The creditors will all be paid," said he, "and I think they will be paid nearly, if not quite, in full. I will soon begin to dispose of the goods."

Mr. Heaton has filed his bond in the sum of $50,000 for the faithful performance of his commission and his sureties are William P. Breen, P. J. McDonald and William J. Vesey.

Mr. Renner was also interviewed, and said: "The cause of the failure is simply this: A large amount of paper was falling due, and we did not have the money to meet the emergency. If some of our outstanding heavy accounts were only collected, we could have avoided this. We have had a few complications, too, in the firm, which distressed us."

"You will resume business again?" ventured the reporter.

"We hope we can do so," he responded.

The business of Renner, Cratsley & Co. was regarded as the most extensive of the kind in the state, outside of Indianapolis. They sold at retail and wholesale, but during the last few weeks they were having a special sale of retail stock, preparatory to going into the wholesale business exclusively.

There was to be found in their store at all times a stock that a Chicago house might envy, much of it being imported goods. The members comprising the firm have always been regarded as enterprising business men, fair and square in all their dealings and true gentlemen in every sense of the word, and their inability to meet the financial demands of the moment does not depreciate those qualities one bit. The sympathies of the community are with them and it will be generally hoped that they will soon be "on their feet" again.

REPORT OF COMMITTEE ON STREETS.

We your committee on streets and alleys would respectfully report as follows:

That the following persons are the lowest bidders and recommend contracts to be approved.

1. To William Oetting, to grade and pave with brick the sidewalks on Oliver street, from Grant street to the Pittsburg, Fort Wayne and Chicago railroad.

2. To Fred Oetting, to grade and pave with brick the sidewalk on both sides of Walter street, from Maumee to Wayne street.

3. To Fred Oetting, to grade and pave with brick the sidewalk on the east side of Holton avenue, from Creighton avenue to Pontiac street.

4. To Fred Oetting, to grade and pave with brick the sidewalk on Francis street, from Washington to Erie streets.

5. To Gus Horstman, to grade and pave with brick the sidewalks on the east side of Kansas street, from Mellta street to the first alley north.

6. To Gus Horstman, to grade and pave with brick the sidewalk on the east side of Kansas street, from Grand street to the first alley south.

7. To Gus Horstman, to grade and pave with brick the sidewalk on the east side of Wabash avenue, from Maumee to Humphrey street.

8. To Jos. Derheimer, to grade and pave with cedar block the alley between Berry and Wayne streets, from Barr to Lafayette streets.

9. We also reject the proposal of Gus Horstman to grade and pave with brick the sidewalk on the west side of Kansas street, from Grand street to the first alley south.

10. In relation to the resolution of Councilman Cody requesting to clean Superior street, from the St. Marys river to Barr street, and repair the same with broken stone, your committee would again report that all improved streets should be kept clean and in repair by the street commissioner, and this has reference to Superior street, from the St. Marys river to Calhoun street only. From Calhoun street to Barr street it is a unimproved street and should be treated the same as any other street, to fill up with some material wherever necessary, but not with broken stone. This section should be referred to the street commissioner.

11. The petition of M. Lynch and others asking to allow them to construct their own walk on the west side of Kansas street, report in favor of same, providing they file their proper bond under the supervision of the city civil engineer.

12. In reference to the resolution of Councilman Gordon instructing the street commissioner to fill up the gutters on Williams street wherever stagnant water exists, your committee reports that it has been done.

13. The resolution of Councilman Delagrange requesting that ten days notice should be given to property owners of lots 61, 62, 63, 64 and 65, in Foundry addition, and also Mr. Bass to repair their sidewalks and raise the same to the proper grade your committee recommends that the street commissioner be instructed to give the proper notice as requested by the resolution.

14. In reference to the petition of J. M. Robinson, and R. T. McDonald asking to vacate the alley adjoining lots 31 and 32 County addition, and remonstrance of T. R. Hedekin and others thereto, we report adversely to the petition and in favor of the remonstrances.

Respectfully submitted,
Herman Michael.
P. J. Scheid.
Henry Hilbrecht,
Committee.

Councilman Boltz moved that section 14 be referred to city commissioners which was lost by the following vote:

Ayes, 8, viz: Councilmen Boltz, Dalman, Delagrange, Ely, Hilgeman, Meyer, Meyer, Jr., and Scheffer. Nays 10, viz: Cody, Cran, Gruber, Gordon, Hazzard, Hilbrecht, Michael, Ofenloch, Scheid and Smith.

REPORT OF COMMITTEE ON PARKS.

We, your committee on parks, respectfully report:

1. In relation to letting the contract for the boiler and piping of the green houses in the North side park we report we have awarded the contract to James Madden for $345.80, he being the lowest bidder.

2. In relation to the fountain in the McCulloch park, we report, whereas, the common council has allowed the committee on parks not to exceed the sum of $800 for a fountain in this park, and in looking over different catalogues we can find no suitable fountain for that money, but inasmuch as this is not something for the present but something for years to come we feel it our duty to report in favor of the city purchasing a better fountain, and as there is enough money in the park fund to purchase a better one, we recommend that this council instruct the committee on parks to purchase the fountain of J. L. Mott's iron works, plate 13 H. which will cost on board of cars at New York city $1,331.00. We further report, inasmuch as the McCulloch park has not cost the city anything, only the keeping up of the same, that it is the duty of this council and the citizens at large, if they wish to show their respect to the Hon. Hugh McCulloch for donating this valuable piece of ground to the city for park purposes, to place in the same a handsome fountain, 17 members of this council being in favor of said fountain.

3. We further report that we have employed Arthur Boswell as florist in our green houses at $1.50 per day for actual labor, he to work under the instruction of the superintendent of parks.

4. We further report that the committee on parks be instructed to advertise for the necessary flower pots they need in the green houses, and give them power to act.

REPORT OF COMMITTEE ON PUBLIC GROUNDS AND BUILDINGS.

We, your committee on public grounds and buildings to whom was referred the bills of the Salimonie Mining and Gas company report that we find that said bill includes the use of natural gas at the Central engine house and engineer's office for the last two weeks of July. The city paid the Artificial Gas company $4.95 for said time, the natural gas not having been supplied to said offices until after the 10th of August. We therefore recommend that said bill be allowed, less $4.95.

REPORT OF SPECIAL COMMITTEE.

We, your committee on public grounds and buildings with mayor and city attorney, to whom was referred the petition of the Business Men's Exchange, asking for an appropriation to procure signal flags for use upon the government buildings, we report that while the law authorizes no appropriations for such purpose, yet there is less offence in the breach than in the observance. Knowing that no good citizen will object to such a small appropriation to such a good purpose, we therefore recommend that the sum asked, being $15, be, and by concurrence herein, is appropriated for such purpose subject to the order of the president of said exchange.

REPORT OF "RED LINE" COMMITTEE.

We, your Red Line committee to whom was referred the subject matter of Washington street grade at intersection of Harmer street, respectfully report that upon a careful examination of said intersection we found the same too high, it being from two feet to four feet and a half higher than any of the next intersections north, south, east or west. We concluded that at said intersection a cut should be made of two feet, sloping southward gradually until it conforms with the grade of Harmer street at a point opposite the first alley south of Washington street and that it slope gradually east on Washington street until it conforms to the present grade of Washington street 200 feet east of Harmer street.

To make said grade will require the lowering of the street railway track, which lowering must be done at the expense of the street railway company.

We notified Mr. S. B. Bond, of said company, accordingly. As usual he said that the railway company would cheerfully comply with any necessary orders of the council and that the work would at once be done. We have caused the profile to show said grade line and recommend that said grade be adopted.

BISHOP TAYLOR.

The Bishop to Africa Speaks of the Missionary Work in that Country.

A magnificent audience greeted Bishop William Taylor at the Taylor university last evening, to listen to his lecture on the progress of missionary work in Africa, and the eloquent speaker delivered a grand discourse, which was full of interest. He described the methods pursued by the church to accomplish the evangelization of the dark continent and the work that has already been done in that direction. If Africa is to be saved for Christ, he said, the people there must be taught how to make an honest living and for this reason it is our duty to educate them by establishing schools among them. Africa is the richest country in the world, with the most liberal land laws. Any native man or woman can select their farm in the occupied public domain, and possession is equivalent to a warrantee deed. The nations of Europe are grasping for the resources of Africa. So all they need is leadership, and all the leaders need is money to go in broadly and rapidly and establish independency.

We have now, he said, thirty-five missions opened, and manned by seventy-five workers, among the raw heathens, outside of missions planted by our missionary society in Liberia. Of these thirty-five mission stations, seven are manned by single young women, who have charge of a king, chiefs and whole tribe, and not one of them has ever expressed a fear. We have already seven church organizations, with an aggregate membership of over 800. The outlook for Africa is hopeful. The bishop, though three-quarters of a century old, expects to live until javelins of gospel light shall pierce it from every point of the compass and to its very heart. In closing he plead eloquently for the university. Mr. Hudson sang a solo and Mr. Driver pronounced the benediction.

To-night a grand farewell meeting will be held at the Wayne street M. E. church. The eloquent Ross Taylor, son of the bishop, will preach and the bishop will utter his final words to the people of Fort Wayne.

Bishop Taylor, his son Rev. Ross Taylor and Rev. R. E. Hudson, will leave for Delaware, Ohio, to-morrow morning. The bishop will leave for New York in a few days and will sail for Africa to resume his missionary work.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

MORTAR-SPOTTED SKIN

Covered with Scales. Awful Spectacle. Cured in Five Weeks by the Cuticura Remedies.

I am going to tell you of an extraordinary cure your Cuticura Remedies performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, which came off in layers accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, until I had been fully cured. I had the disease thirteen months before I began taking the Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I know of a great many who have taken the Remedies, and thank me for the knowledge of them, especially mothers who have babes with scaly eruptions on their heads and bodies. I cannot express my thanks to you. My body was covered with scales and I was an awful spectacle to behold. Now my skin is as clear as a baby's.

Thomas McGee, shop clerk in the Cleveland and Pittsburg shops, at Wellsville, O., is in the city, shaking hands with his many friends. He was formerly clerk in the office of Shop Clerk Thomas Meegan, of the Pittsburg shops, in this city.

Charles Druhot, of the Bass moulding rooms, gave a pleasant dancing party, on Force street, last evening. A young lady, one of a party of young people who were indulging in some playful pastime during the evening, fell down and injured her hand quite badly.

The supreme court has decided that where a person purchases a round trip ticket over a railway, and the conductor takes up the "return" part of the ticket, the remaining part of the ticket is good to return on, and the company is liable to damages if a passenger is put off the train for refusing to pay fare under such circumstances.

William Miller, of the shops of the Grand Rapids road at Grand Rapids, Mich., met with an accident a few days ago that will cause him to loose the sight of one of his eyes. He is serving as an apprentice in the shops and while chiseling a cylinder a part of the chipping lodged in his eye. He is in the hospital at that place and the doctors have no hopes of his recovering the use of that member. His parents live in this city, his father being a machinist in the Pittsburg shops. He was formerly employed in the Pittsburg store room.

"Don't Care to Eat."

It is with the greatest confidence that Hood's Sarsaparilla is recommended for loss of appetite, indigestion, sick headache, and similar troubles. This medicine gently tones the stomach, assists digestion, and makes one "real hungry." Persons in delicate health, after taking Hood's Sarsaparilla a few days, find themselves longing for and eating the plainest food with unexpected relish.

The Sixty-third Indiana Regimental association will hold a reunion at Covington to-morrow.

TAKE S.S.S. IN THE SPRING.

Nature should be assisted in the spring to throw off the heaviness of the sluggish winter circulation of the blood. Nothing does it so well, so prompt or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best tonic and blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it.

SECRETED SWITCHES

Brought by a Woman From France to Avoid the Tariff Duty.

NEW YORK, Oct. 15.—Mrs. E. Brown, a passenger who arrived on Sunday from France on the steamer La Gascogne, had among her baggage a trunk containing dresses, switches of human hair and many other dutiable articles. An inspector searched Mrs. Brown and found on her person several switches of human hair, which fact seemed to indicate that she had bought all her goods to sell in her hair dressing establishment in Philadelphia. The entire lot, appraised at $800, was seized.

Dyspepsia

Makes the lives of many people miserable, causing distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels. Dyspepsia does not get well of itself. It requires careful attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet efficiently. It tones the stomach, regulates the digestion, creates a good appetite, banishes headache, and refreshes the mind.

Distress After Eating **Sick Headache**

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. After eating I would have a faint or tired, all-gone feeling, as though I had not eaten anything. My trouble was aggravated by my business, painting. Last spring I took Hood's Sarsaparilla, which did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." GEORGE A. PAGE, Watertown, Mass.

THE MUTUAL LIFE INSURANCE COMPANY,
OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ———— DOLLARS.

$578,345 00/100 — 29 DEC 29 1889. — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

—E. C. POTTER & CO.—

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in mercantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

H·A·T ✦ T·I·P·S !

We saw a man wearing a hat of last Spring's vintage, the other day looking longingly into the show-window of one of our well known hatters, and we ourselves were tempted to stop and size up the styles and prices. A very stylish variety of Fall Derbys were artistically displayed, and upon a little ticket in the centre of the window was the legend:

NEW FALL SHAPES $5.00.

The man in the faded tile heaved a sigh and passed along; no doubt he wanted a hat; but $5.00 was more than he could stand. Its against our principles to "talk shop" outside of our store, but we fairly yearned to run after the disappointed wayfarer and tell him that we were selling the same hat—made in the same factory—for $3 50. But if we couldn't tell him of it, we tell you, and that's where you're luckier than the old fellow. Make up your mind to save about one-third on hat-store prices by coming to us. This holds good on boys' as well as on Men's hats.

As a special inducement we will sell for the
Balance of this Week only
32 dozen of Men's Fine
FUR STIFF HATS
In the latest Fall shapes, Satin Lined, with Silk Band and binding, and well worth $1.50 of any man's money, for the no price at all of
$1.00.
